

The Immunogold Specialist

Product Analysis

EM Cationic Colloidal Gold: 20nm Gold

Product Information

Product Code: EM.CGC 20
Batch Number: ****
Protein Absorption: Not applicable
Protein Concentration: 18.1 µg / ml
Storage Buffer: Tris Buffered Saline pH8.2 containing 1% BSA, 15mM NaN₃ (preservative) and 20% Glycerol
Storage: Store at 4°C

Quality Control

Protein Detected:	<100pg Mucin	Passed
Optical Density:	4.1	Passed
Mean Diameter:	20.0nm	Passed
Coefficient of Variation:	5.4%	Passed
Percentage Single Particles:	Varies with changes of pH	Passed

QC approved: _____

For in vitro research only. Not for diagnostic use
