

product **AS12 2225-200**

CENH3 | Centromere specific histone H3 variant (200 µl)

product information

background	CENH3 is a Centromere specific histone H3 variant.
immunogen	KLH-conjugated synthetic peptide derived from N-terminal domain of <i>Luzula nivea</i> LnCENH3, gene BAE02657.1 (Q4R118)
antibody format	rabbit polyclonal serum lyophilized
quantity	200 µl for reconstitution add 200 µl, of sterile water.
storage	store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please, remember to spin tubes briefly prior to opening them to avoid any losses that might occur from lyophilized material adhering to the cap or sides of the tubes. Store reconstituted antibodies at 4°C for short period or at -20°C for extended time. Shelf life is 6 months from date of receipt.
tested applications	ELISA, IHC, WB
related products	AS12 2225-100 anti-CENH3 Centromere specific histone H3 variant (100 µl) antibody
additional information	to be added when available

application information

recommended dilution	1: 1:200 - 1:2000 (WB), 1:50 - 1:500 (IHC)
expected apparent MW	18.5 kDa
confirmed reactivity	<i>Luzula nivea</i>
predicted reactivity	<i>Luzula nivea</i>
not reactive in	no confirmed exceptions from predicted reactivity are currently known
additional information	to be added when available
selected references	to be added when available, antibody released in August 2012.
