

The Immunogold Specialist

Product Analysis

EM Rabbit anti-Goat IgG (H&L): 10nm Gold

Product Information

Product Code: EM.RAG 10
Batch Number: ****
Protein Absorption: Not Absorbed
Protein Concentration: 24.0 µg / ml
Storage Buffer: Tris Buffered Saline pH8.2 containing 1% BSA,
15mM NaN₃ (preservative) and 20% Glycerol
Storage: Store at 4°C

Quality Control

Protein Detected:	7pg	Passed
Optical Density:	3.0	Passed
Mean Diameter:	10.4nm	Passed
Coefficient of Variation:	5.6%	Passed
Percentage Single Particles:	94%	Passed

QC approved: _____

For in vitro research only. Not for diagnostic use
