

## SPECIFICATION

### 4,4'-Dinitro-2,2'-bipyridine-N,N'-dioxide

|                   |                   |
|-------------------|-------------------|
| Product Code:     | FD06170           |
| CAS Number:       | 51595-55-5        |
| Chemical Formula: | $C_{10}H_6N_4O_6$ |
| Molecular Weight: | 278.18            |

## TECHNICAL SPECIFICATION

|                        |                        |
|------------------------|------------------------|
| Appearance:            | Yellow to brown powder |
| Melting Point:         | min 260°C              |
| Identity ( $^1H$ NMR): | Conforms to structure  |
