## 13,14-dihydro-15-keto Prostaglandin D<sub>2</sub> Lipid Maps MS Standard

Catalog No. 10007208

Sold under license from Lipid Maps

**CAS Registry No.:** 59894-07-4  
**Formal Name:** 9 $\alpha$ -hydroxy-11,15-dioxo-prost-5Z-en-1-oic acid  
**Synonym:** 13,14-dihydro-15-keto PGD<sub>2</sub>  
**MF:** C<sub>20</sub>H<sub>32</sub>O<sub>5</sub>  
**FW:** 352.5  
**Purity:**  $\geq$ 98%  
**Stability:**  $\geq$ 1 year at -80°C  
**Supplied as:** A solution in methyl acetate

### Laboratory Procedures

For long term storage, we suggest that 13,14-dihydro-15-keto prostaglandin D<sub>2</sub> (13,14-dihydro-15-keto PGD<sub>2</sub>) be stored as supplied at -80°C. It should be stable for at least one year.

13,14-dihydro-15-keto PGD<sub>2</sub> is supplied as a solution in methyl acetate. To change the solvent, simply evaporate the methyl acetate under a gentle stream of nitrogen and immediately add the solvent of choice. Solvents such as ethanol, DMSO, or dimethyl formamide purged with an inert gas can be used. The solubility of 13,14-dihydro-15-keto PGD<sub>2</sub> in these solvents is approximately 30 mg/ml.

Further dilutions of the stock solution into aqueous buffers or isotonic saline should be made prior to performing biological experiments. Ensure that the residual amount of organic solvent is insignificant, since organic solvents may have physiological effects at low concentrations. If an organic solvent-free aqueous solution of 13,14-dihydro-15-keto PGD<sub>2</sub> is needed, it can be prepared by evaporating the methyl acetate and directly dissolving the neat oil in aqueous buffers. The solubility of 13,14-dihydro-15-keto PGD<sub>2</sub> in PBS (pH 7.2) is approximately 2.5 mg/ml. Store aqueous solutions of 13,14-dihydro-15-keto PGD<sub>2</sub> on ice and use within 12 hours of preparation.

13,14-dihydro-15-keto PGD<sub>2</sub> is a metabolite of PGD<sub>2</sub> which is formed through the 15-hydroxy PGDH pathway. 13,14-dihydro-15-keto PGD<sub>2</sub> was recently identified as a selective agonist for the CRTH2/DP<sub>2</sub> receptor.<sup>1</sup> It also inhibits ion flux in a canine colonic mucosa preparation.<sup>2</sup> In humans, 13,14-dihydro-15-keto PGD<sub>2</sub> is further metabolized to give 11 $\beta$ -hydroxy compounds which have also undergone  $\beta$ -oxidation of one or both side chains. Virtually no 13,14-dihydro-15-keto PGD<sub>2</sub> survives intact in the urine.<sup>3,4</sup>

#### MATERIAL SAFETY DATA

This material should be considered hazardous until information to the contrary becomes available. Do not ingest, swallow, or inhale. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. This information contains some, but not all, of the information required for the safe and proper use of this material. Before use, the user must review the complete Material Safety Data Sheet, which has been sent under separate cover to the MSDS supervisor at your institution.

#### WARRANTY AND LIMITATION OF REMEDY

Cayman Chemical Company makes **no warranty or guarantee** of any kind, whether written or oral, expressed or implied, including without limitation, any warranty of fitness for a particular purpose, suitability and merchantability, which extends beyond the description of the chemicals hereof. Cayman **warrants only** to the original customer that the material will **meet our specifications at the time of delivery.**

Cayman will carry out its delivery obligations with due care and skill. Thus, in no event will Cayman have **any obligation or liability**, whether in tort (including negligence) or in contract, for any direct, indirect, incidental or consequential damages, even if Cayman is informed about their possible existence.

This limitation of liability does not apply in the case of intentional acts or negligence of Cayman, its directors or its employees. Buyer's **exclusive remedy** and Cayman's sole liability hereunder shall be limited to a **refund** of the purchase price, or at Cayman's option, the **replacement**, at no cost to Buyer, of all material that does not meet our specifications.

Said refund or replacement is conditioned on Buyer giving written notice to Cayman within thirty (30) days after arrival of the material at its destination. Failure of Buyer to give said notice within thirty (30) days shall constitute a waiver by Buyer of all claims hereunder with respect to said material.

For further details, please refer to our **Warranty and Limitation of Remedy** located on our **website and in our catalog.**
