
Gold nanoparticles 10nm Datasheet

Product details

- **Product Code:** EM.GC10
- **Type:** Gold Nanoparticles
- **Applications:** Lateral Flow Life Science
- **Shipping recommendation:** Ambient

Product summary

- **Optical Density:** 0.75 @ 520nm
- **Presentation matrix:** Suspended in H₂O, no preservative Residual chemical left from manufacture
- **Specification:** 10 nm

Application notes

- **Recommended Use:** In vitro research
- **Tested Applications:** Lateral flow

Additional Information

- **Shipping recommendation:** Ambient
- **Storage:** Store at 2-8°C – do not freeze
- **Shelf Life:** 12 months
