

SAPK/JNK (Phospho-Thr183) Antibody

E011249

Catalog Number: E011249-1, E011249-2

Amount: 50µg/50µl, 100µg/100µl

Swiss-Prot No. : P45984; P53779

Form of Antibody: Rabbit IgG in phosphate buffered saline (without Mg²⁺ and Ca²⁺), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Storage/Stability: Store at -20°C/1 year

Immunogen: The antiserum was produced against synthesized phosphopeptide derived from human JNK2/3/SAPK around the phosphorylation site of threonine 183 (M-M-T^P-P-Y).

Purification: The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific phosphopeptide. The antibody against non-phosphopeptide was removed by chromatography using non-phosphopeptide corresponding to the phosphorylation site.

Specificity/Sensitivity: SAPK/JNK (phospho-Thr183) antibody detects endogenous levels of SAPK/JNK only when phosphorylated at threonine 183.

Reactivity: Human, Mouse, Rat

Applications: WB: 1:500~1:1000 IHC: 1:50~1:100
