

ACIN1 / Acinus Rabbit Polyclonal (C-Terminus) Antibody - LS-B224 - LSBio	
CatalogID:	LS-B224
Validation:	This antibody replaces catalog number LS-C2593. It has been validated for use in the following assays: IHC.
Target:	apoptotic chromatin condensation inducer 1 (ACIN1)
Synonyms:	ACIN1 Antibody, ACINUS Antibody, ACN Antibody, KIAA0670 Antibody, FSAP152 Antibody
Family / Subfamily:	Apoptosis
Host	ACIN1 antibody was produced in Rabbit
Clonality:	Polyclonal
Immunogen:	ACIN1 / Acinus antibody was raised against c-terminus of Acinus (proprietary peptide)
Specificity:	Reacts with the N terminus of Acinus.
Epitope:	C-Terminus
Reactivity:	Human
Purification:	Purified IgG
Presentation:	PBS, 0.02% sodium azide.
Recommended Storage:	+4°C or -20°C, Avoid repeated freezing and thawing.
Usage Summary:	Immunohistochemistry: LS-B224 was validated for use in immunohistochemistry on a panel of 21 formalin-fixed, paraffin-embedded (FFPE) human tissues after heat induced antigen retrieval in pH 6.0 citrate buffer. After incubation with the primary antibody, slides were incubated with biotinylated secondary antibody, followed by alkaline phosphatase-streptavidin and chromogen. The stained slides were evaluated by a pathologist to confirm staining specificity. The optimal working concentration for LS-B224 was determined to be 20 ug/ml.
Uses:	IHC - Paraffin (20 μg/ml), Western blot (1:500 - 1:1000) (Optimal dilution to be determined by the researcher)
Size:	50 μl

Immunohistochemistry Image:

Anti-ACIN1 / Acinus antibody IHC of human tonsil, macrophages. Immunohistochemistry of formalin-fixed, paraffin-embedded tissue after heat-induced antigen retrieval. Antibody LS-B224 concentration 20 ug/ml.
