

Histone H3 Rabbit anti-Human Polyclonal Antibody - LS-B9493 - LSBio	
<b>CatalogID:</b>	LS-B9493
<b>Validation:</b>	This antibody replaces catalog number LS-C193282. It has been validated for use in the following assays: IHC-P.
<b>Target:</b>	Histone H3
<b>Host</b>	Histone H3 antibody was produced in Rabbit
<b>Clonality:</b>	Polyclonal
<b>Immunogen Species:</b>	Histone H3 antibody was raised against Human
<b>Immunogen:</b>	Histone H3 antibody was raised against anti-Histone-3 was prepared from whole rabbit serum produced by repeated immunizations with a peptide corresponding to the c-terminus region of human histone-3
<b>Specificity:</b>	Anti-Histone H3 is directed against the human histone 3 protein. The product was prepared from monospecific antiserum by delipidation and defibrination. A BLAST analysis was used to suggest reactivity with human and multiple other eukaryotic. Cross-reactivity with histone-3 from other sources have not been determined.
<b>Purification:</b>	Delipidated and defibrinated
<b>Presentation:</b>	0.02 M potassium phosphate, 0.15 M sodium chloride, 0.01% sodium azide, pH 7.2
<b>Recommended Storage:</b>	Store vial at -20 C prior to opening. Aliquot contents and freeze at -20 C or below for extended storage. Avoid cycles of freezing and thawing. Centrifuge product if not completely clear after standing at room temperature.
<b>Uses:</b>	IHC - Paraffin (1:100), Western blot (1:2000) (Optimal dilution to be determined by the researcher)
<b>Size:</b>	50 µl

**Immunohistochemistry Image:**

Human Lung: Formalin-Fixed, Paraffin-Embedded (FFPE)
