

| NAPG Rabbit anti-Human Polyclonal (aa161-190) (FITC) Antibody - LS-C215919 - LSBio | |
|--|---|
| CatalogID: | LS-C215919 |
| Target: | N-ethylmaleimide-sensitive factor attachment protein, gamma (NAPG) |
| Synonyms: | NAPG Antibody, SNAP-gamma Antibody, SNAPG Antibody, Gamma SNAP Antibody, GAMMASNAP Antibody, Soluble NSF attachment protein Antibody |
| Host | NAPG antibody was produced in Rabbit |
| Clonality: | Polyclonal |
| Isotype: | IgG |
| Conjugations: | Fluorescein (FITC) |
| Immunogen Species: | NAPG antibody was raised against Human |
| Antigen Type: | Synthetic peptide |
| Immunogen: | NAPG antibody was raised against KLH-conjugated synthetic peptide (aa161-190) of human NAPG. |
| Specificity: | Human NAPG |
| Epitope: | aa161-190 |
| Reactivity: | Human |
| Purification: | Protein A purified |
| Presentation: | PBS, pH 7.2, 0.09% sodium azide. |
| Recommended Storage: | May be stored at 4°C for short-term only. Aliquot to avoid repeated freezing and thawing. Store at -20°C. Aliquots are stable for 6 months. |
| Usage Summary: | The applications listed above are for the unconjugated form of this antibody. The conjugated antibody has not been tested. |
| Uses: | Western blot, ELISA (Optimal dilution to be determined by the researcher) |
| Size: | 200 µl |
| Requested From: | Japan |
| Laboratory Reagent For In Vitro Research Use Only | |
| Not for resale without prior written consent from LifeSpan BioSciences, Inc. | |
