

Clonality: Isotype: Conjugations: Immunogen Species: Antigen Type: Immunogen: Specificity:	clathrin, light chain A (CLTA) CLTA Antibody, Clathrin light chain A Antibody, Clathrin, light chain A Antibody, LCA Antibody CLTA antibody was produced in Rabbit Polyclonal IgG Allophycocyanin (APC) CLTA / LCA antibody was raised against Human Synthetic peptide CLTA / LCA antibody was raised against kLH-conjugated synthetic peptide from
Host Clonality: Isotype: Conjugations: Immunogen Species: Antigen Type: Immunogen: Specificity:	LCA Antibody CLTA antibody was produced in Rabbit Polyclonal IgG Allophycocyanin (APC) CLTA / LCA antibody was raised against Human Synthetic peptide
Isotype: Conjugations: Immunogen Species: Antigen Type: Immunogen: Specificity:	Polyclonal IgG Allophycocyanin (APC) CLTA / LCA antibody was raised against Human Synthetic peptide
Conjugations: Immunogen Species: Antigen Type: Immunogen: Specificity:	IgG Allophycocyanin (APC) CLTA / LCA antibody was raised against Human Synthetic peptide
Immunogen Species: Antigen Type: Immunogen: Specificity:	Allophycocyanin (APC) CLTA / LCA antibody was raised against Human Synthetic peptide
Immunogen: Specificity:	CLTA / LCA antibody was raised against Human Synthetic peptide
Antigen Type: Immunogen: Specificity:	Synthetic peptide
Antigen Type: Immunogen: Specificity: Epitope:	
Specificity:	CLTA / LCA antibody was raised against kl H-conjugated synthetic peptide from
	internal region of human CLTA.
Epitope:	Human CLTA / LCA
	Internal
Reactivity:	Human
Purification:	Affinity purified
Presentation:	PBS, pH 7.2, 0.09% sodium azide.
Recommended Storage:	May be stored at 4°C for short-term only. Aliquot to avoid repeated freezing and thawing. Store at -20°C. Aliquots are stable for at least 6 months.
Usage Summary:	The applications listed above are for the unconjugated form of this antibody. The conjugated antibody has not been tested.
Uses:	Western blot, ELISA (Optimal dilution to be determined by the researcher)
Size:	200 μΙ
Requested From:	Japan
Labora	ratory Reagent For In Vitro Research Use Only
Not for resale with	hout prior written consent from LifeSpan BioSciences, Inc. Created on 9/30/2014
