#### New Anti-cancer Small Molecules

|                   |   |
|-------------------|---|
| Catalog #         | 410-08  |
| Standard Size     | 25 mg   |
| Sequence          | IUPAC Name: N - [3 - chloro - 4 - [(3 - fluorophenyl)methoxy]phenyl] - 6 - [5 - [(2 - methylsulfonylethylamino)methyl] - 2 - furyl] quinazolin - 4 - amine Ditosylate |
| M.W               | 925.46  |
| Solubility        | Soluble in DMSO to 5 mM at 45 °C  |
| Storage Condition | Store at - 20 °C, desiccated  |
| Appearance        | Pale yellow powder  |
| Content           | contact us for bulk order options   |
| HPLC Analysis     | > 99%   |
